<b>Front End</b> React.js   Bootstrap	<b>Back End</b> Laravel   SpringBoot   .Net

## Projects

- Online Dressing & Shopping System | Laravel, PHP, HTML, Bootstrap, and MySQL**
- Structured product catalog, shopping cart, and checkout modules linked to MySQL database.
  - Configured authentication and role-based permissions for administrative control.
  - Programmed CRUD features for managing items, categories, and user profiles.
  - Enhanced the interface with responsive layouts and elegant UI/UX styling.
- Payroll Management System | Laravel, PHP, HTML, MySQL, JavaScript**
- Devised a payroll platform automating employee salary computation and data management.
  - Enforced secure role-based access using Laravel’s built-in authentication modules.
  - Refined backend processes for reliable calculation accuracy and smooth operation.
- Project Management System | PHP, MySQL, Bootstrap**
- Constructed a role-oriented web application for tracking projects and tasks.
  - Designed adaptive layouts using HTML, CSS, and Bootstrap 5 for multi-device compatibility.
  - Generated dashboards and analytical summaries for project and task monitoring.
  - Deployed full CRUD functionality to support project, task, and user workflows.

## Courses

- Web Design For Beginners**  
University Of Moratuwa
- UI/ UX for Beginners**  
Great Learning Academy
