## Profile

A motivated Associate Software Developer with professional experience in modern PHP and Laravel framework development. Proficient in building robust, full-stack web applications using PHP, Laravel, MySQL, JavaScript, and React.js. Strong understanding of Object-Oriented Programming, MVC architecture, and RESTful API development. Completed an intensive internship with hands-on experience in developing and deploying scalable solutions. Eager to apply technical skills and collaborative problem-solving to a dynamic engineering team.

## Education

**Higher National Diploma In Information Technology,**     Kandy, Sri Lanka
Sri Lanka Institute of Advanced Technological Education

## Professional Experience

**Software Development Intern – NETIT TECHNOLOGY**
- Developed and maintained enterprise-level web applications using the Laravel framework and modern PHP.
- Built scalable backend systems with Laravel Eloquent ORM, MVC architecture, and RESTful APIs.
- Designed and managed MySQL databases, creating efficient schemas and performing complex queries.
- Created responsive and intuitive front-end interfaces using Bootstrap, HTML5, CSS3, and JavaScript.
- Collaborated in a team environment using Git for version control and participated in the full software development lifecycle.

## Skills

**Languages: PHP, Java, JavaScript, C#**

**Databases: MySQL, MongoDB**

**Tools & Platforms: Git, GitHub, Composer, REST APIs**

**Frameworks & Libraries: Laravel, React.js, Bootstrap, Spring Boot**

**Concepts: OOP, MVC Architecture, API Development, Agile Methodologies**

## Languages

- English
- Tamil
- Sinhala

## Projects

**Veritas Corporate Website | PHP, HTML5, CSS3, JavaScript, MySQL**
- Developed a dynamic corporate website for Veritas, featuring service pages, a contact system, and an admin panel.
- Implemented a custom CMS using core PHP to allow easy content updates for services, blog posts, and client testimonials.
- Built a secure contact form with server-side validation and email integration for lead generation.
- Created an admin dashboard for content management, user inquiries, and website analytics.

**Online Dressing & Shopping System | Laravel, Bootstrap, and MySQL**
- Designed product catalog, cart, and checkout modules with MySQL integration.
- Implemented user authentication and role-based admin panel for product management.
- Integrated CRUD operations for products, categories, and user profiles.
- Applied modern UI/UX principles for a luxury fashion brand experience.

**Project Management System | Laravel, MySQL, Bootstrap**
- Developed a role-based project management web app using Laravel and MySQL.
- Designed a responsive UI with HTML, CSS, and Bootstrap 5.
- Created dashboards and reports to track project progress and task completion.
- Implemented CRUD operations for projects, tasks, and user management.

**Learning Management System | Laravel, MySQL, Bootstrap**
- Full-stack application built with Laravel, featuring user authentication, course management, and progress tracking.
- Utilized Laravel Eloquent for database operations and Blade templating for dynamic front-end rendering.

**Photography Portfolio | React.js, JavaScript, CSS3**
- Modern Single Page Application showcasing React.js skills for front-end development.

**Payroll Management System | Laravel, PHP, MySQL, JavaScript**
- Developed a comprehensive payroll solution using Laravel for backend logic and automated salary processing.
- Implemented secure user roles and data validation using Laravel's built-in features.

## Courses

**Web Design For Beginners,** University of Moratuwa

**Python For Beginners,** University of Moratuwa

**UI/UX Designer,** Great learning Academy
