Profile

Motivated Associate Software Developer with hands-on experience in PHP and the Laravel framework. Skilled in developing and maintaining full-stack web applications using PHP, Laravel, MySQL, JavaScript, and React.js. Strong foundation in Object-Oriented Programming , Model-View-Controller architecture, and RESTful API design and integration. Completed an intensive internship involving the development and deployment of scalable, high-performance web solutions. Demonstrates strong problem-solving skills, attention to detail, and a collaborative mindset. Eager to contribute technical expertise and innovative thinking to a dynamic software engineering team.

Education

Higher National Diploma In Information Technology,   Kandy, Sri Lanka
Sri Lanka Institute of Advanced Technological Education

Professional Experience

Software Development Intern - NETIT Technology
- Developed and maintained enterprise-level web applications using the Laravel framework and modern PHP.
- Built scalable backend systems with Laravel Eloquent , MVC architecture, and RESTful APIs.
- Designed and managed MySQL databases, creating efficient schemas and performing complex queries.
- Created responsive and intuitive front-end interfaces using Bootstrap, HTML5, CSS3, and JavaScript.
- Collaborated in a team environment using Git for version control and participated in the full software development lifecycle.

Skills

Languages: PHP, Java, JavaScript, C#

Databases: MySQL, MongoDB

Tools & Platforms: Git, GitHub, Composer, REST APIs

Frameworks & Libraries: Laravel, React.js, Bootstrap, Spring Boot

Concepts: OOP, MVC Architecture, API Development, Agile Methodologies

Languages

- English
- Sinhala
- Tamil

Projects

Veritas Corporate Website | PHP, HTML5, CSS3, JavaScript, MySQL
- Engineered a dynamic corporate site with service pages, inquiry system, and administration dashboard.
- Crafted a custom CMS in core PHP for updating services, blog posts, and client testimonials.
- Established a secure contact feature with backend validation and automated email delivery.
- Organized an admin interface to manage content, inquiries, and analytical reports.

Online Dressing & Shopping System | Laravel, Bootstrap, and MySQL
- Structured product catalog, shopping cart, and checkout modules linked to MySQL database.
- Configured authentication and role-based permissions for administrative control.
- Programmed CRUD features for managing items, categories, and user profiles.
- Enhanced the interface with responsive layouts and elegant UI/UX styling.

Project Management System | Laravel, MySQL, Bootstrap
- Constructed a role-oriented web application for tracking projects and tasks.
- Designed adaptive layouts using HTML, CSS, and Bootstrap 5 for multi-device compatibility.
- Generated dashboards and analytical summaries for project and task monitoring.
- Deployed full CRUD functionality to support project, task, and user workflows.

Learning Management System | Laravel, MySQL, Bootstrap
- Assembled a full-stack LMS supporting authentication, course enrollment, and progress tracking.
- Applied Laravel Eloquent for optimized data handling and Blade templating for front-end rendering.
- Streamlined learner and instructor interfaces for simplified navigation and engagement.

Photography Portfolio | React.js, JavaScript, CSS3
- Produced a single-page portfolio to present photography collections through React.js components.
- Optimized responsiveness and performance for fast, seamless browsing.

Payroll Management System | Laravel, PHP, MySQL, JavaScript
- Devised a payroll platform automating employee salary computation and data management.
- Enforced secure role-based access using Laravel's built-in authentication modules.
- Refined backend processes for reliable calculation accuracy and smooth operation.

Courses

Web Design For Beginners, University of Moratuwa

Python For Beginners, University of Moratuwa

UI/UX Designer, Great learning Academy
